FOR IMMEDIATE RELEASE

(JACKSON, Michigan) – Family Service & Children’s Aid recently received a grant in the amount of \$14,000 from The Jackson County Community Foundation. This grant was awarded through the MACI Youth Fund, which is a component fund of the Foundation.

The grant monies will be used to fund Breakout Drug Education, a program of Family Service & Children’s Aid. “The grant from The Jackson County Community Foundation will allow us to thoroughly evaluate the impact of the Breakout Program. We want to make sure that we utilize our donor’s contributions in the most efficient and effective way possible. One way to achieve that goal is to have an independent evaluation of the entire program,” said Shelly E. Milligan, Breakout Director.

Family Service & Children’s Aid has served the Jackson community since 1944, and it primarily specializes in Counseling, Foster Care and Adoption, Substance Abuse Treatment Programs, and Prevention Programs like Breakout Drug Education. Each year the programs and services of Family Service & Children’s Aid reach approximately 22,000 individuals in Jackson County. To learn more about Family Service & Children’s Aid, please contact Judith Jove at (517) 787-7920.
